CAPABLE**

THE JURGENS STORY

Our goal is to create the best caravans possible through intelligent design, genuine build quality and comprehensive testing.

We place emphasis on safe and efficient towing through engineering strength in where it is needed and taking weight out where it is not. Our products are light but not the lightest. We take into account building in all the features Australians expect and making a product tough enough for Australian conditions.

We appreciate style and understand how to optimise space for practical and comfortable living.

We have locally designed and built thousands of caravans in Australia developed specifically for our market since 2008.

Plus every Australian built Jurgens Caravan carries the DNA of 60 years international manufacturing experience. We are part of one of the largest caravan manufacturers in the southern hemisphere. Jurgens has been manufacturing in South Africa since 1952 and have built over 100,000 caravans.

We back our product with an industry leading factory warranty. We encourage you to compare us against our competitors. We are confident we have a lot to offer.

HOP INTO A POP TOP

Incredible Value and Style

The Wallaroo finds an ideal balance between quality features, comfort and simplicity in a great value van. The incredible interior space revolves around the brilliant Euro style convertible lounge / twin single / double bed that does it all. This gives plenty of room for all the important features for a great trip away. 3 way fridge, 3 burner hob, range hood and microwave enable food preparation in a snap.

And it's all done with the style you would expect from Jurgens. The Wallaroo even has air conditioning for those hot summer nights. If you are looking for the best in value pop tops – the Wallaroo is for you.

FEATURES

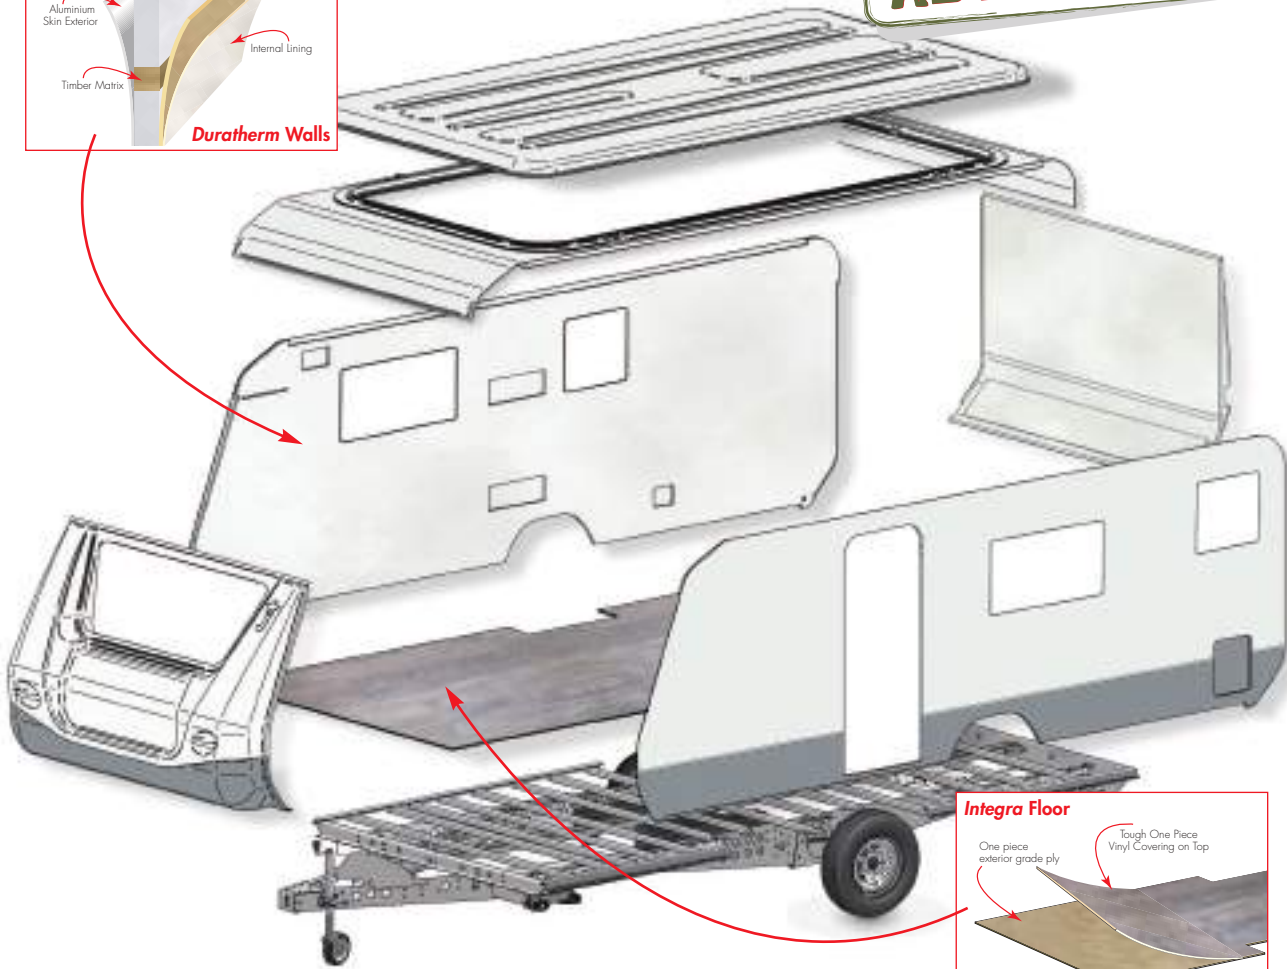

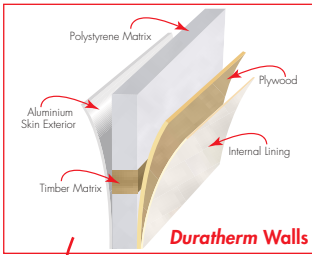

- A. Microwave
- B. 3 way fridge / freezer
- C. Rangehood 12 volt
- D. Air conditioner - reverse cycle

* See layouts page for bed size by model

JURGENS

**ENGINEERED FOR
ADVENTURE**

UniskinROOF

- One piece fibreglass roof
- No joints to leak
- Great thermal & acoustic insulation
- High impact / hail resistance

DurathermWALLS

- Great thermal & acoustic insulation
- High impact / hail resistance
- Aluminium outer walls – low maintenance
- Fibreglass ends – tough & insulated
- No wiring / plumbing inside walls

IntegraFLOOR

- One piece floor
- Exterior grade ply
- Bolted and bonded to chassis
- Adds structural integrity

OptimaCHASSIS

- Engineered strength in & weight out
- Optimise durability & towing safety
- Bolted construction - high tensile, nyloc nuts
- Hot dip galvanised
- Fully independent suspension

Independent Suspension
AL-KO IRS - proven dirt road capable

AL-KO Electronic Stability Control
Optional

Alloy rims - proven performers with a touch of class

Double glazed windows for thermal & acoustic insulation
